

## **HELLO, HOW ARE YOU ROBE?** (Words & Music by Sandi McMenamin © 2014)

It's the end of a long hard work day, time to go home, relax and have tea  
And turn on the radio and listen, for those 5 words I long to hear.....

1. *Hello, how are you Robe?* It's my favourite time of day  
*Hello, how are you Robe?* What's noo with the weather your way?  
Around this beautiful state of ours, from deserts to fields of flowers  
It's "*Hi ho, everybody*" throughout South Australia  
And the silver city of Broken Hill.

2. *Hello, how are you Robe?* *Serve the lobsters, I'm on my way*  
*Hello, how are you Robe?* *Leafy sea dragons are so passé!*  
Brought you some opals from Coob Pedy, agapanthus from Victor Harbor  
Wudinna was wonderful, Lameroo was glameroo  
And there's nowhere like Kadina!

**He leaves his heritage-listed Volvo home, goes on trains and boats and planes  
Tastes every cake in every CWA,  
Wish him luck for losing weight!**

3. *Hello, how are you Robe?* *And Genelg and Jamepstown too*  
*Hello, how are you Robe?* *R-r-r-enmark's having a shower or two*  
Port Pirie is such a friendly city, Onya Nurioo-t-pa!  
Nothing can be finer than to be in Coonawarra  
As long as you include Penola.

4. *Hello, how are you Robe?* How I love to hear those words  
*Hello, how are you Robe?* And tell me is it Go-ers or Goers?  
I bet those people in Glee Creek and Cleve, in Maaaaitland and Haaaandorf too  
Petersburg and Wunkar, P'Lincoln and Noarlunga  
Wish they were here today/tonight with me and you!

**He leaves his heritage-listed Volvo home, goes on trains and boats and planes  
Opens every fete in this beautiful state.....  
Not bad for 48! God bless him!**

5. *Hello, how are you Robe?* *Let's say it again, all together now*  
*Hello, how are you Robe?* Enjoy your night, whatever the weather  
Clare says good luck, Keith doesn't give a ..... fluffy feather  
The Nullarbor Nymph (bless her heart) is now a movie star  
Goers' Gals, kids' quiz, everyone in showbiz  
Goodnight, Mrs Calabash...wherever you are!
